Summary: Meg finally gives birth to her beautiful baby daughter and she and Eddie become the happiest parents in the world. Together they're gonna have cutesy and funny moments with their shy, but very cute daughter

Meg, Eddie and Gwen

Meg, Eddie and Gwen

(A/E: I feel bad for not giving you Gwen's introduction. That's why, whatever I feel like, I'm gonna write one-shorts starring Meg Griffin-Walker, Eddie Walker and their daughter Gwen Walker)

The Birth

It all began with Meg screaming of pain since she was giving birth while Eddie (who's wearing his Flaming Knight armor for some reason) was helping her out. The hospital seemed more like a...heavenly sanctuary.

"Come on, dear, push!" Eddie said.

"Ah-AAAAAAAAAARRRRRRRGHHHHH!" Meg screamed of pain.

Meg finally gave birth. Despite it was covered with blood, it was a beautiful baby.

"Meg...look at her..." Eddie said, with amazed eyes.

"'Her', that means it's a girl!" Meg said as she stood up.

(A/E: Yup, she's so badass, that she recovers from giving birth quicker than Wolverine's healing factor)

"Oh-my-god, she's GORGEOUS!" Meg said, crying of joy.

"Perfect...sniff...she's perfect" Eddie said, also crying of joy.

"Eddie...may I ask you something?" Meg asked.

"Anything, dear..." Eddie answered.

"How did you convince me to give birth in a heavenly sanctuary...IN THE MIDDLE OF A FREAKIN' WAR?!" Meg asked, furiously as it's revealed outside of sanctuary there's a war full of archangels versus demons from hell.

"Matthew needed our help, honey" Eddie said "I'm sure he and his army have this under control"

BOOOOM

The door was destroyed as Matthew, who's very weakling.

"Hey, Dragonheart, we're kicking our asses very hard, are you a father yet?" Matthew asked.

"Happy and proud father of a beautiful baby girl" Eddie answered, carrying his baby daughter.

"Congratulations, you guys" Matthew congratulated.

"Thank you, Matthew" Meg thanked "Can you do me a favor?"

"Sure" Matthew said.

"Can you take my daughter to my home?" Meg asked "I don't want my baby in the Omaha Beach scene from _Private Saving Ryan_"

"Don't worry" Matthew said, putting the baby into a silver capsule "This capsule is indestructible. Just promise me you're gonna take care of these douchebags"

"We will, we've been practice the new 'technique'" Eddie said "Right, dear?

"Wait, but are we ready to apply it in battle?" Meg asked.

"Just do it, I left daughter Jaina dealing with some Hell Soldiers" Matthew said.

"Seriously, how old your daughter is?" Eddie asked.

"Are you kidding? She's more badass than you" Matthew answered

We see Jaina (who looks like a kid Connie D'Amico, but she has white hair like Matthew's older sister), kicking a Hell Soldier's ass and stabbing him with her two daggers.

"DIE! DIE! DIE! DIE! DIE!" Jaina yelled.

"Please make sure she's safe at home" Meg said.

"I promise" Matthew said as he took the capsule with the baby inside and he flew away.

"All right, Meg, let's do 'the technique'" Eddie said.

"Okay" Meg replied.

They were about to use the technique...but then the screen turned white.

"COCKTEASE!" The Nostalgia Critic exclaimed.

Back in the Griffins' house; the Griffins and the Walkers were meeting the baby (she was wearing a pink diaper with a big heart in front).

"Isn't she beautiful?" Lois asked.

"Yes, she is" Helena answered.

"HI!" Amy greeted "I'm your Auntie Amy!" she started doing some funny facial expressions.

"Uh...sweetie, I think she doesn't like your funny faces" Frank said as the baby was about to cry.

"Oh no, we gotta do something!" Lois said.

Then Persephone and Chris came out as his face was covered with whipped cream with a cherry was on his nose and his lips painted with red jelly.

"Mom! Chris ate the cherry cake!" Persephone said.

"I couldn't help it, it looked delicious!" Chris said.

Then the baby saw Chris and she started giggling.

"Look, the baby's happy again" Brian said.

"Hey, she loves me!" Chris said.

"Well, she's gonna LOVE ME even MORE!" Persephone said as she looked at the baby "Hi, I'm your Aunti Persie!"

But the baby looked at Persephone...and she imagined her as 'The One Reborn' from _Bloodborne_. She started crying again.

"Oh no, she's crying again!" Lois said.

"Got it!" Peter said "Lois, show your boobs!"

"There's no time for jokes, Peter!" Lois said, angrily.

"Okay, I'll show mine" Peter said, stripping his shirt off and he started dancing "Boom, shika, boom, shika, boom, shika boom!"

Then the baby started giggling at Peter's dancing.

"It's ironic how Meg's own daughter likes Peter and Chris's dumbassery" Brian said.

"If she grows up like these two fatsos, I'm gonna blow my brains off" Persephone said.

Meg and Eddie finally shown up, covered with smokes and their clothes even torn out (Meg's pink bra is showing).

"Hello, everyone" Eddie greeted.

"Oh, my goodness, Edward, are you all right?" Helena asked.

"We're fine, Mom" Eddie answered "We've just win a war"

"Now, where's our little sweetheart?" Meg asked.

Meg and Eddie looked at their baby daughter, who's very happy to see them.

"My god...she's the most beautiful daughter any father could have..." Eddie said, crying of joy.

"How are we gonna call her?" Meg asked.

"I was thinking Dorothy" Eddie answered.

"I was thinking Gwen" Meg said.

"I got it, her name is gonna be Dorothy 'Gwen' Walker" Eddie said.

"It's a beautiful name, guys" Frank said.

"I love you, honey" Eddie said.

"I love you too, dear" Meg said as they both kissed.

"Can I put my shirt on? It's getting cold" Peter said.
